(1) The flaw lies in assuming that the majority's favorite genre is art films. Though 98% of adults prefer art films, adults only make up 38% of the audience. When considering the entire audience, minors are the majority, and most of them prefer comedies. Thus, comedy might be the most popular genre. (51 words)

(2) Just because snakes have no legs, it is not logical to think that all creatures without legs are snakes. For example, worms do not have legs but they are not snakes. (31 words)

VII As a volunteer activity, I would commute to some small rural village to help the elderly villagers with their agricultural work, such as plowing their fields, cutting weeds and helping with the harvest. Japan is rapidly aging, so I would be helping them with their physical work, but at the same time, I would be learning from them all the wisdom passed down to them from their ancestors about nature, growing things, the climate, and protecting the earth.
